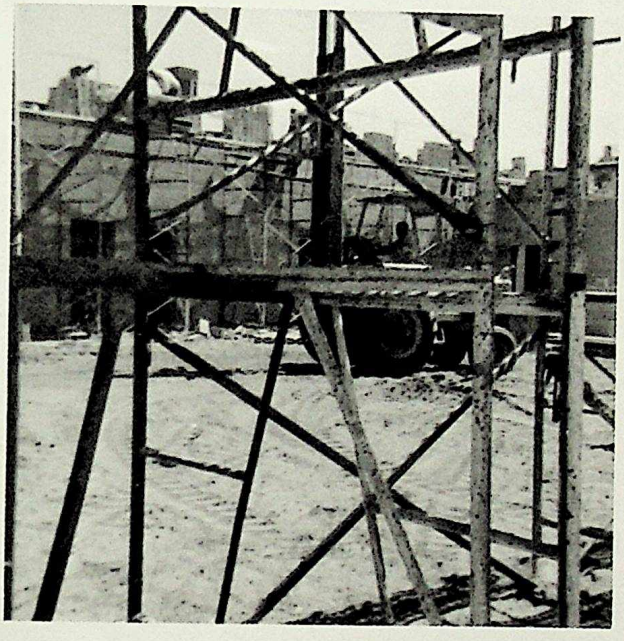
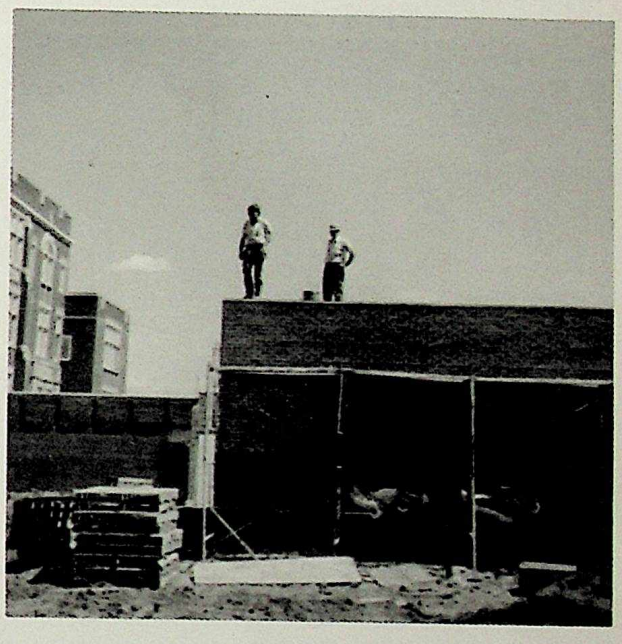
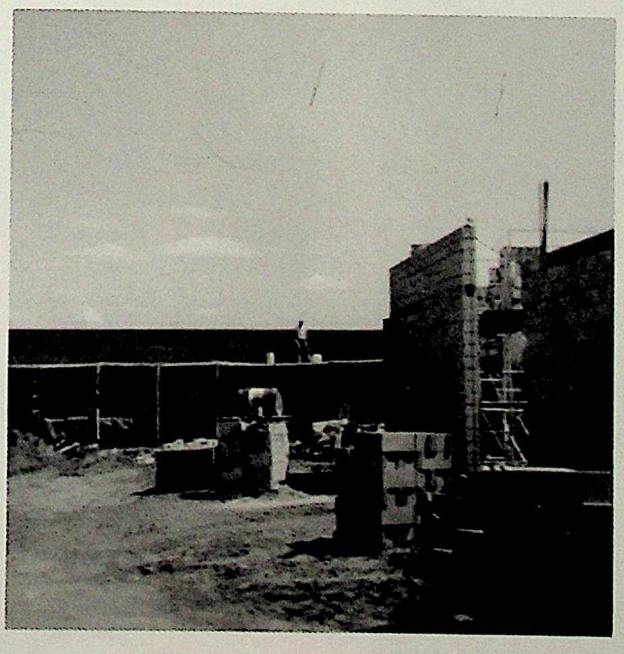
RITCHIE SCHOOL







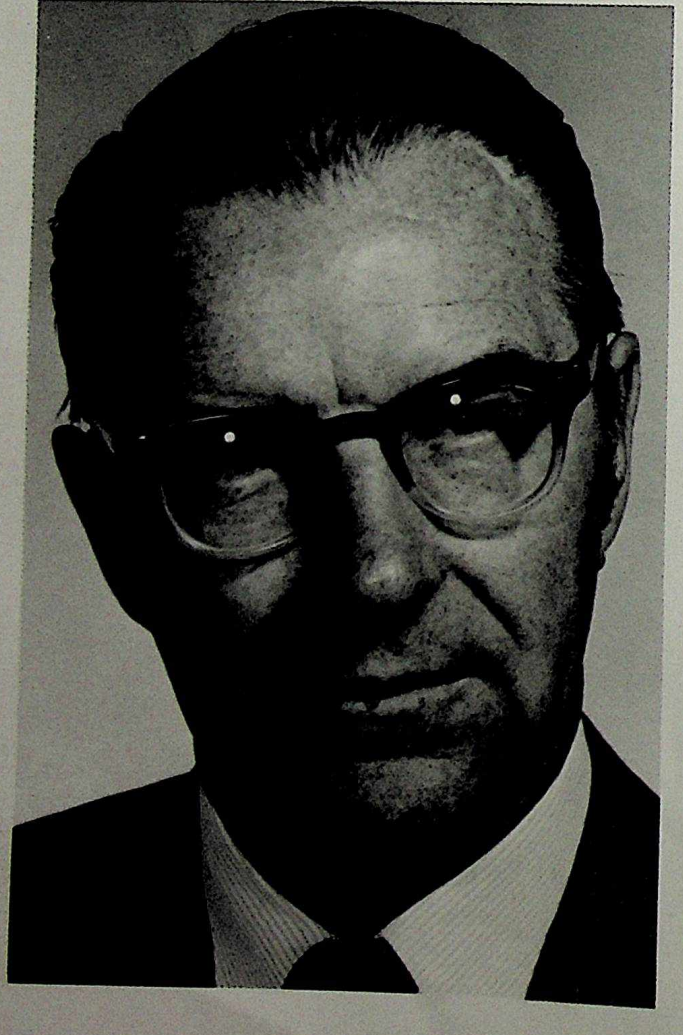
Principal's Message

At the close of a year it is customary to take an inventory and determine how well we have done. This is a good idea for individuals as well as for schools.

During the past year we have accomplished many good things individually and as a group. Important is the way in which students and staff have worked together during the year in spite of the difficulties by the building situation. The morale of the entire school has been of a very high order and this is due in no small measure to the good school spirit and the excellent leader of the Student's Council.

With the closing of the old building the students and staff returning next fall will be going into an addition to Ritchie. This means that not only our graduates, but all the rest of us leave the "Old Ritchie" with mixed feelings as a result of this change in the pattern of our lives.

We have been given one of the finest Junior High School additions in the city- but new facilities do not make a school. We have a school staff second to none in Edmonton- but a staff does not make a school. A school is judged by its product- the students. Student behavior indicates whether or not a school is successful, whether the shareholders (tax payers) have a good investment and whether they are receiving a fair return on their money.



How do our students act in and around the school? What does the Community think of students? Do our students excel in terms of achievement? How well do they succeed in High School, the University, or in the other worthwhile endeavors undertaken when they leave school? The answers to these questions are determined b how YOU- the students- direct your lives.

To those who are leaving this year, I wish you every success and encourage you to work to the highest level of your abilities.

To those who will be returning next fall, I invite you to make the most of the many opportunities available in obtaining the best education that the Ritchie- Staff has to offer for your benefit.

Be too proud, Students Of Ritchie, to accept second best- even from YOURSELVES!

Mr. W. Wedder

Presidents Message

Soon all we will have left of this past year at Ritchie are memories. Being the President of the Students Union this year has left me with mixed feelings. When the council did something, I felt it was really worthwhile and was for the betterment of the school. Of course, I was happy and I hope these accomplishments made you happy as well. As you know, everything we did was not always wise. At times like this, I felt disheartened. However, the problems always worked themselves out and the year has been safely completed. On behalf of myself and the rest of the Student Council, I wish you all the best in the future.
